

most is insistent that he be made an elected chairman, as his papa was before him.

Eliminate McCarren? Little chance of that, for Senator Patrick Henry McCarren has long been the personal representative in the New York Legislature of the sugar trust, Standard Oil and other gigantic vested interests. He spent the day yesterday and today on the shady side of the front porch at the home of the Sage of Exopus. It is Pat McCarren through whose hands must pass the immense sums it is openly boasted the sugar trust and Standard Oil and Northern Securities are to pour into the fund to oust President Roosevelt. If the American people can be sufficiently corrupted, he is also the representative in the Legislature of the gamblers at the racetrack and elsewhere in New York City and State.

**CAN TAMMANY BE BOUGHT?**

"Can Tammany be bought off by money in its fight against Hill, Belmont, McCarren and Grouse? The rank and file of Tammany are what William Jennings Bryan pleases to term the 'common people,'" said a district leader today. "The case is a matter of that of a jockey who is making \$50,000 a year legitimately and is asked to pull a horse in a single race for a paltry \$1000 and thereby risk not only the princely salary, but place himself where he will be no longer of use to the man who corrupts him."

**TAMMANY'S FIGHT.**

"Tammany Hall is the power to which New York Democracy must look if they expect to carry the State," David B. Hill has ever been the voice of the organization. If it is allowed to nominate the traitor Grouse for Governor, when we demand that Mayor McClellan be named; if he imagines that Tammany Hall is going to hurrah him, hated and discredited even by the up-State Democracy, into a position where he can begin possibly an effective war to undermine our organization in order to perpetuate his own power and make himself Democracy's dictator in this State, the vote on election day will brand him forever. It is the Tammany organization which makes it possible for the Democratic party to carry the State, and to dominate—and not Hill—the outside districts which gave Odell a majority of 125,000 and defeated Odell in 1902."

Continuing, the leader recalled the Congressional fight in which Montague Lewis, unheard of, insignificant young Republican lawyer, afterwards mixed up in a Congressional scandal which utterly discredited him, best Perry Belmont in the race for Congress in a Tammany district, naturally overwhelmingly Democratic.

**WONT SUBMIT TO BELMONT.**

"The mass of city Democrats will not tolerate dictation by such men as the Belmonts, much less a dictatorship by the Hill," he said.

He admitted that McClellan was needed Mayor by the influence of the great New York traction, gas and electric light companies. He said that these interests had been unable "to business along the usual lines" while Mayor Low was in power.

**TOO MUCH AT STAKE.**

"Belmont and his traction companies, and other gigantic vested interests centered in New York City must stick to Tammany Hall in this fight, I believe," this leader went on. "They have too much at stake to throw us down for Hill and McCarren, no matter how close these men may be to Judge Parker. Tammany Hall takes the votes. Why should David B. Hill be allowed to humiliate and make war on us? Let Judge Parker make terms with Tammany Hall, or look out for breakers ahead. Tammany can get along without any help from Hill and the State Democracy for Tammany has a great dominion right here on little old Manhattan, quite large enough for the display of all her talents."

**NOT TURNING FOOL.**

"Without our cooperation Hill is dead. McCarren betrayed Tammany after McClellan's victory had cemented the organizations of Manhattan and Brooklyn. Tammany made Comptroller Grouse a gubernatorial possibility, but he has been thrust to the rear by David Hill and went back on Tammany, on Hill's promise of the governorship nomination. Do you think Tammany Hall, enthralled for years to come, is going to turn fool, and turn over what she has won and can keep into the hands of her dead-end fool?"

**WEST VIRGINIA AND DELAWARE.**

**BOTH SAFELY REPUBLICAN.**

**NEW YORK, July 15.**—[Exclusive Dispatch.] Only a political revolution can take West Virginia and Delaware, which the Democrats are boasting loudly they will carry, out of the Republican camp. The Republicans scoff at the Democratic claim that the octogenarian Davis was nominated because he can carry West Virginia in his vest pocket. Since progress took hold of the State, in the beginning of the nineties, Cleveland's majority of 1174 in 1892, changed to 11,000 for McKinley in 1896 and 21,000 in 1900. If New York had gone for McKinley with relatively as great percentage, it would have given him a plurality of 150,000, instead of 140,000. The Democrats must secure a much larger shift against the Republicans in West Virginia than that in New York against Bryan, if they expect to win.

**DELAWARE EVEN MORE SO.**

Delaware, on the percentage basis, although the plurality figures seem small to a political generation familiar with larger ones, is similarly now on record as a strongly Republican State. Moreover, the tendency thereto can be traced further back than 1890. In 1860, Delaware went Republican by 4163. In this latest election year, the Republican percentage of total vote was 54.23, about the same as in West Virginia, and equal to 190,000 plurality in New York.

**TARIFF THE ISSUE.**

Both West Virginia and Delaware, during the last eight years, have developed industries which have rela-

tion to the tariff, and now the population is said to be largely Republican. This influence, not the money question alone, has affected politics, and local Republican leaders in both States assert that the Parker managers are rainbow chasers; that Iowa is quite as likely to go for Parker as either West Virginia or Delaware.

**FAIRBANKS'S POPULARITY.**

**SURPRISED A REPUBLICAN.**

**BY DIRECT WIRE TO THE TIMES.**

**PITTSBURGH, July 15.**—[Exclusive Dispatch.] Charles A. Muehlbauer, secretary of the Republican County Committee of Allegheny, returned this morning from the West.

"I was surprised," he said, "to find how popular Senator Charles W. Fairbanks is in his own State. I was through six counties of Indiana, and found that everybody, Republicans and Democrats alike, are for Fairbanks, and they are going to vote for both Roosevelt and Fairbanks."

**TAMMANY LATE IN RATIFYING.**

**M'CLELLAN THE ONLY ONE TO CONGRATULATE PARKER.**

Leader Murphy Watching Developments at a Summer Resort—Problem of the National Chairmanship—Ex-Senator Edward Murphy of Troy for Chief Campaigner.

**BY DIRECT WIRE TO THE TIMES.**

**NEW YORK, July 15.**—[Exclusive Dispatch.] The tardiness of Tammany Leader Murphy in ordering his district leaders to ratify the St. Louis ticket and the indifference of these leaders in the matter are causing comment. It is usual for each district leader, immediately after the nomination is made, to call together his followers in a big meeting, for the purpose of ratifying the action of the national convention.

Despite the drubbing that Tammany received at St. Louis, there are several leaders friendly to Parker, but in the absence of orders from Murphy, these leaders have been afraid to protest their own responsibility. They have even refrained, along with Murphy, from sending congratulations to Judge Parker, the telegram from Mayor McClellan, who hopes for Parker's support, of his (McClellan's) Governorship aspirations, being the only message from a conspicuous Tammany man yet received at Exopus.

Murphy himself has not yet recovered from the St. Louis drubbing, and is watching developments from a summer resort. It is a Tammany rule to ratify promptly and effusively, and to show its dissatisfaction at the polls. But in the case of Judge Parker, there is no manifest even an outward semblance of enthusiasm or loyalty, and it is not likely to be manifested, as long as Hill and McCarren pose as very good friends of the candidate.

**THE CHAIRMANSHIP PROBLEM.**

**NEW YORK, July 15.**—[Exclusive Dispatch.] When William F. Sheehan returns to New York, Monday, from Exopus, he will bring with him the name of the man whom Parker prefers to be chairman of the Democratic National Committee. He will bring also the name of the man who is to manage the national campaign. The chairman of the National Committee may not be a member of the committee.

Judge Parker's acquaintance with the members of the National Committee is limited to less than a dozen members, nearly all of them easterners, and it is understood that the management of the campaign, at least, will fall to a New Yorker, if Senator Gorman adheres to his reputed intention not to serve, on account of his health.

Sheehan is to discuss the chairmanship with ex-Senator Davis here Monday. Davis is credited with much influence over Gorman. The work of Hill will be limited to a speaking tour of the country during the campaign. If Democratic audiences will "stand for" him, Sheehan is in poor health, and while he will be active in the campaign, is not likely to accept either the chairmanship of the National Committee or the chairmanship of the Campaign Committee, because of his light on Tammany Hall. Senator McCarren is also of the list of available.

Ex-United States Senator Edward Murphy of Troy, is spoken of tonight as the probable chief Parker campaigner in the East. He is not a member of the National Committee, but has the advantage of not being openly hostile to his namesake of Tammany Hall, while close enough to Hill to accept suggestions from that quarter as to the conduct of the campaign.

**LABOR PAPER BOLTS PARKER.**

Editor F. A. Kennedy Will Aid the Workings as a Republican.

**BY DIRECT WIRE TO THE TIMES.**

**OMAHA (Neb.) July 15.**—[Exclusive Dispatch.] Under the caption "The Parting of the Ways," The Western Laborer, the most influential labor paper in the West, will tomorrow morning editorially bolt the Democratic ticket and come out in support of Roosevelt. At the same time, the editor, F. A. Kennedy, resigns as general organizer of the American Federation of Labor, and says in an open letter to Samuel Gompers: "What I propose to do in the campaign is in the interest of organized labor, and I want to be free to put up as strong a fight as I can."

The Western Laborer supported Bryan in his two campaigns, but says tomorrow: "But we can follow him no further, and cannot support Parker, even for Bryan's sake."

## HARRIMAN DEFEATS HILL.

Temporary Injunction Granted by Trenton Court.

Distribution of Northern Securities Assets Held up.

Convulsive Bound in Southern and Union Pacific Results.

BY THE ASSOCIATED PRESS—A.M.

**TRENTON (N. J.) July 15.**—Judge Bradford today granted a preliminary injunction in the suit brought by Edward H. Harriman, Winlow S. Pierce and others to restrain the proposed pro-rata distribution of the assets of the Northern Securities Company. This is a defeat for the Hill interests. The opinion is fifty typewritten pages in length.

The litigation turned largely on the question as to the title of the Northern Pacific stock which Harriman and Pierce put into the combination and which amounted to about \$79,000,000. The contention of the Northern Securities Company was that the stock had become the absolute property of that company and that it was perfectly legal for the Northern Securities Company to carry out the pro-rata plan of distribution upon which the company had agreed.

Harriman contended that by reason of the corporation being declared illegal by the United States Supreme Court title had not been passed from Harriman and Pierce, and in consequence they were entitled to have returned to them the particular stock they had put into the combination and which involved control of the Northern Pacific Company.

The decision of Judge Bradford does not dispose of the main points of issue in the case, which were whether or not Harriman and Pierce should have returned to them the stock of the Northern Pacific Company which they put into the Northern Securities Company or whether there should be distributed to them the stock of both the Northern Pacific and the Great Northern companies on the pro-rata basis provided for by the directors of the Northern Securities Company.

Judge Bradford devoted most of his opinion to the discussion of a legal question as to whether he should grant a preliminary injunction, and he takes the position that as long as there is any doubt in the case and no injury can come to the complainants, a preliminary injunction would be granted. He says further that the failure to grant a preliminary injunction would permit the distribution of the stock in the Northern Pacific Company, which Harriman and Pierce claim (title and put the complainants in a position where they would be able to secure relief to which they would be entitled.

## WAR BULLETINS FROM MANY POINTS.

BY THE ASSOCIATED PRESS—A.M.

**LONDON, July 15.**—The Morning Post's Shanghai correspondent, calling July 15, says that the Chicago Daily News dispatch boat Fawan has been seized by the Russians and towed into Port Arthur.

**SUBMARINE AT KRONSTADT.**

**ST. PETERSBURG, July 15.**—The submarine boat Fulton, which has been at Kronstadt, is reported to be in the Neva, undergoing tests. It is not known whether the vessel is a Russian or whether it was captured by the Russian navy.

**JAP FLAG OVER HARBOR.**

**NEW YORK, July 15.**—The Japanese have hoisted their national flag on Rose Island in Chemulpo Harbor, says a Herald dispatch from Seoul, Korea. The Korean fortifications there are still permitted to fly the Korean ensign, but this is dwarfed by the larger emblem of Japan.

**THE CZAR AT TAMBOFF.**

**BY THE ASSOCIATED PRESS—P.M.**

**TAMBOFF (Russia) July 15.**—Czar Nicholas arrived this morning and accepted and sent from a deputa- tion representing the Jewish community. After service of the ceremonial, he reviewed the troops. On leaving Tamboff, His Majesty was enthusiastically cheered by the people assembled in the streets.

**JAPS NOT IN SUCH WORK.**

**MOSCOW, July 15.**—According to a story in circulation here, a revolutionary organization sent a package of pamphlets to the Japanese, requesting that they be distributed among the Russian prisoners. The pamphlets were returned with the statement that the Japanese did not engage in such work.

**BRITISH STEAMER HELD UP.**

**BY THE ASSOCIATED PRESS—A.M.**

**ISLAND OF PIERAM (Strait of Bab el Mandeb) July 15.**—The British steamer Dragonaut at 4 o'clock; she had been delayed by a Russian cruiser in the Red Sea. Two steamers, one large and one small, which passed here at midnight are believed to be Russian cruisers bound for Jibuti, French Somaliland.

**PRESSING FOR CONCESSIONS.**

**BY THE ASSOCIATED PRESS—A.M.**

**SEOUL, July 15.**—Native agitation against the granting of a Japanese concession covering the stream and vacant land rights continues unabated, although the Japanese Minister is still pressing the Korean Foreign Office to a favorable conclusion, stating that the Koreans lack the finances and execu-

entitled should the case be decided in their favor on final hearing.

**MORE EVIDENCE NEEDED.**

The judge also said that a preliminary injunction should only be refused where it was absolutely positive that the complainants could win the case when it came to a final hearing. The complainants were entitled, he said, to benefits of every reasonable doubt as to the disposition of the case when it should come up on final hearing, and he indicated that it was not always easy to anticipate a judicial decision, even when all the facts had been presented. In the present case, he stated, there were a number of points upon which it would be necessary for the presentation of more evidence than is now before the court.

Judge Bradford, in discussing the advisability of granting a preliminary injunction, said that such an injunction would not interfere with the operation of either road, nor would it be injurious to the public. He said it might be contended that the injunction would interfere with the distribution of dividends on the stock of the Northern Pacific Company, or at least on a part of that stock, but that it was within the court's power to require the company to provide for the payment of any possible loss. Judge Bradford does not provide for the form of decree and asks that a form be submitted to him.

In granting the preliminary injunction, the judge followed practically the policy that controlled Judge Kirkpatrick when the latter granted an injunction restraining the Pennsylvania Railroad Company from taking down the poles and wires of the Northern Pacific Company, and he ordered the company to provide for the removal of those poles and wires from the company's property. The point then, as now, was that unless a preliminary injunction had been granted, the relief sought could not be obtained, even though a decision might be granted in favor of the complainants on the final hearing.

In the present case, Harriman and Pierce have asked for the return of the particular stock of the Northern Pacific Railroad Company which they put into the combination. If the pro-rata distribution were not to be enjoined, and Harriman and Pierce should win the final hearing, the particular stock which they are suing to recover would be already distributed, and their victory would be a barren one.

**UNION PACIFIC STOCK BOUNDS.**

**NEW YORK, July 15.**—The announcement of the Northern Securities decision caused a convulsive bound in Union Pacific to 9 1/4 and Southern Pacific to 5 1/4. Both stocks then ran off, the former three-fourths and the latter a point.

The decision has been so accurately and confidently foreseen for three days past that the disposition was to take profits in the market after the announcement, and prices yielded all under this influence. The enormous absorption of Union Pacific convertible bonds was a feature of the trading. On the curb, Northern Securities, after selling at 1.03 1/4, dropped abruptly to 1.01. Representatives of J. P. Morgan and Company, and of H. H. Hens, who are not yet ready to discuss the decision until their attorneys have been in full. It was said at Morgan's office, however, that an appeal would be taken.

Union Pacific, in the course of successive advances during the afternoon, got as high as 9 3/4, and Southern Pacific touched 5 1/4. The response in the general market was very moderate, although there were considerable recoveries at one time in sympathy with the movement in the Pacific, but the market subsequently became rather dull and sluggish. Northern Securities rallied a fraction on the curb, but sold off again to the lowest.

**HELD UP IN TEXAS.**

Southbound Passenger Train No. 5 on the International Great Northern Stopped.

**BY THE ASSOCIATED PRESS—P.M.**

**SAN ANTONIO (Tex.) July 15, 2 a. m.**—Southbound passenger train No. 5, on the International and Great Northern, was held up at 11 o'clock Friday night, about four and a half miles south of Oakwood. The first intimation the railroad officers had of the hold-up was the appearance of two frightened passengers at Oakwood. They could say nothing beyond the fact that the train had been held up. They did not know how many robbers there were and did not remain on the scene long enough to learn whether the robbers carried off any of the mail or express car. The train left St. Louis Thursday night at 8:30 o'clock, and is due in San Antonio this morning.

It carried both registered and ordinary mail in addition to express. Conductor, William H. Francis, is in charge of the train and Engineer McKullen of Palestine at the throttle. At 3 o'clock this morning the train had been held up for about an hour and the officers to believe that something serious had occurred after the hold-up.

**CHAFFEE IS INVITED.**  
GRAND REVIEW IS PLANNED.  
[BY THE ASSOCIATED PRESS-P.M.]  
TACOMA, July 15.—Lieut.-Gen. Chaffee is expected at the encampment in time to witness the grand review of troops Sunday afternoon. Gen. Funston telegraphed him asking him to be present at that date. Maj. William P. Duval and Capt. Sydney A. Cloman, General Staff officers, who arrived with Gen. MacArthur, leave today for San Francisco. Rain for two days has interfered with camp life, but the maneuver problems have gone on according to program, and there has been no bloodless battles. The details of the actions are discontinued. Gen. MacArthur has given several helpful talks to the officers.

**SLOPE BRIEFS.**  
Three Box Cars Burned.  
BERKELEY, July 15.—A fire which is believed to have been of incendiary origin, destroyed three box cars on the tracks of the Southern Pacific Company at West Berkeley today.

**Light Rain at Santa Rosa.**  
SANTA ROSA, July 15.—A light rain fell here last night, the precipitation being less than half an inch. No damage was done, and the weather is clear today.

**Large One West of Chicago.**  
BERKELEY, July 15.—A liquid-air machine, the largest of its kind west of Chicago, is being installed at the University of California, under the direction of Prof. Edmund O'Neill. The new apparatus will be used to produce low temperatures in which to perform delicate chemical experiments which formerly have been impossible here.

**Feeling Arrest, She Kills Herself.**  
EVERETT (Wash.) July 15.—News has been received here from Machias, Wash., that Mrs. Jennie Holcomb committed suicide at that place by shooting herself through the heart with a revolver. On her dress was pinned a note confessing her guilt of the murder of her child by means of poison. The child died July 11. The coroner's jury investigated, and the result that suspicion attached to Mrs. Holcomb. Feeling arrest, she committed suicide.

**Neck Broken by Fall.**  
RUISUN, July 15.—J. Burton, a carpenter, was instantly killed at the Pacific-Portland Cement Works, near here today. He fell from a platform at a distance of thirty feet. His neck was broken by the fall.

**Two Girls Heroines of Fire.**  
BERKELEY, July 15.—Miss Minnie and Louise Chambers were the heroines at a fire that destroyed two homes on Asbury avenue at an early hour today. They discovered fire in the cottage occupied by Mrs. Katherine Gilligan and her five children. It quickly spread to the home of Mr. and Mrs. William Mason, adjoining, but by their energetic efforts in arousing the sleeping inmates loss of life was prevented.

**Suicided and Died in Restaurant.**  
SAN JOSE, July 15.—Emil Feuilleard, a well-known jeweler who had been in business here for thirty years, suicided while dining in a restaurant at 4 o'clock this afternoon and died a few minutes later at the City Receiving Hospital, without having regained consciousness, of heart disease. He was a native of France, aged 57 years, and leaves a wife and seven children.

**Widely-known Lawyer Dead.**  
SAN JOSE, July 15.—J. Alexander Yoell, who was found dead in his bed in San Francisco today, had practiced law in this country fifty years at the time of his retirement about two years ago and was widely known throughout the State. ## SOUTH SNUBS BRYAN.

*Nigger-Hating Democrats Cause the Knocking-out of the Labor Planks Adopted by the Full Committee on Resolutions at St. Louis.*

(BY DIRECT WIRE TO THE TIMES)

WASHINGTON, July 15.—[Exclusive Dispatch.] Daniel Davis, president of Bridgeport, Ct., who led the opposition before Congress last winter against the National Eight-hour Bill, Anti-Injunction Bill and National Arbitration Bill in behalf of the powerful American Anti-Boycott Association, of which he is executive agent, challenges the assertion made by Bryan that the full committee on Resolutions of the Democratic convention adopted planks covering the anti-injunction, arbitration and eight-hour bills.

"Mr. Bryan is out with a statement calling upon Judge Parker to express his views on labor matters, and says the full committee rejected the labor plank prepared by a subcommittee composed of Mr. Parker's friends, which Bryan characterizes as a 'straggling, meaningless plank,'" said Davis today. "In full committee—I am now quoting Mr. Bryan—in full committee, planks were adopted in favor of arbitration, the eight-hour day and against government by injunction."

WHERE ARE THEY "ATT?" "Now I ask, what became of these planks? If Mr. Bryan is right, and they were adopted by the committee on Resolutions, why were they not reported to the convention?"

"It is well known the report of the committee was adopted without debate or amendment, and the Democratic platform was adopted precisely as reported from committee, and I defy Mr. Bryan to produce a record to find in that platform, as reported, any plank involving these measures mentioned, or a plank that can be twisted, or construed into such an interpretation. We favor the enactment and administration of laws giving labor and capital their just rights. Capital and labor ought not to be enemies. Each has its rights. Labor is certainly no less inalienable than the rights of capital."

"What has become of the planks Mr. Bryan says were adopted in committee, but which do not appear in the platform?"

THE NIGGER-HATING SOUTH. "I have no doubt the conservative South presented the insertion of such socialistic and radical planks in the platform. I recently made a tour of the South in the interest of the Anti-Boycott Association, and everywhere I found the feeling strong against such doctrines, and on my return to Washington I predicted that just such an attempt would be made, and that it would be opposed and defeated by the South."

LABOR LEADERS REVOLT. REFUSE TO SUPPORT PARKER. (BY DIRECT WIRE TO THE TIMES)

NEW YORK, July 15.—[Exclusive Dispatch.] Could Belmont, Hill, McCarran et al. have foreseen the utter chaos into which their efforts to place Bryan have brought the Democratic convention within a few weeks after the convention adjourned, it is more than probable that they would have taken the bull by the horns, defied the Bryanites to do their worst at the polls and framed a platform upon which Bryan and his crew could not have stood, thus forcing them out of the ranks of the Democratic party.

Bryan's honest admission that Parker's friends saw fit, at the behest of the aristocratic, nigger-hating Southern delegates to eliminate the eight-hour and anti-injunction planks, adopted in full committee, has caused commotion in the ranks of labor. The planks on the Colorado situation and the arbitration of labor disputes were also surreptitiously stricken out before the platform reached the convention, according to Bryan. In view of his statement, the labor leaders are not even disposed to await Parker's letter of acceptance, in which Bryan hopes the judge will make himself clear to the labor interests, if he expects to secure their votes.

WILL VOTE FOR "TEDDY." A number of the labor leaders here have already announced their intention to support Roosevelt as against Parker. The President's action in bringing about a settlement of the coal strike has convinced the laboring element that the President is on the side of fight and justice, rather than man, magister or toiler. They are disturbed by the miserable "labor and capital sop" in the Democratic platform, substituting a gentle velvet Hill style for the honest planks adopted by the Platform Committee. They say that the day of deception is past in labor politics, and that while President Roosevelt may not be so radical in his ideas as certain labor leaders would like, they have perfect confidence in his integrity of purpose and sense of justice, for capital and labor, alike.

ONLY ONE FOR PARKER. Quite a number of labor leaders have expressed themselves on Presidential choices. Only one has announced publicly his intention to support Parker. Some have announced an intention to vote for Debs, but by far the most of them have lined up for Roosevelt. The laboring men who think can see no promise for them in the candidate nominated by a coalition of Southern aristocracy and Hill, Belmont and McCarran, who represent interests which have by their tyrannical methods, they say, been largely responsible for the disasters to the cause of labor in Colorado and elsewhere during the past two years.

MAKE IT HOT FOR DEBS. (BY DIRECT WIRE TO THE TIMES)

INDIANAPOLIS, July 15.—[Exclusive Dispatch.] That organized labor has determined on aggressive war upon Henry Gassaway Davis, Democratic nominee for Vice-President, and that this war will be carried on in every State in the Union, became known

and others frankly said so in the Saturday-evening session.

BRYAN'S COURAGE.

"In view of this action, Mr. Bryan, in 1900, in announcing before the nomination was made that if the platform was silent on silver he was not a candidate, was distinctly courageous. Parker waited until the nomination was within his grasp, and then, in a calculating way, decided that he would gain more from Wall Street by making this announcement than he would lose elsewhere. Hill's hand was in that, you can rely on it, and no doubt whole the thing was concocted beforehand. Therefore, I say, the convention was imposed upon by the Parker-Hill trick."

MAY GO TO SWALLOW.

"I am gold Democrat, but I would have been willing to support a candidate on a platform that was silent on sound money. I could do this, because I know Bryan, if he were elected President, could not change the existing standard. I expect to support Parker, even as a colorless man whom I supposed to be incapable of such trickery, but I despise him now. I have never voted for a Republican. Probably I shall vote for Swallow, the Prohibitionist, this year, or else go fishing. I understand Swallow is a good man."

"Mr. Lawson says that, in 1896, a hurry call was sent out by the Republicans for five millions. It strikes me that this message was a hurry call in advance of Parker's managers, with the purpose of corrupting the country for their man. Belmont and Sheehan and Hill and McCarran are not too nice men to handle a Presidential candidate."

JUST SUITS MCCARRAN.

"Senator McCarran says, after visiting Parker, that his candidate's action is just what he would have done under the circumstances. Of course it was; that is his style of politics. I have not noticed that Parker has denounced Hill for the false surrender."

OLD MAN DAVIS.

"I am suspicious also. I should have nominated an old man like Senator Davis for Vice-President. Evidently it was done for the hundreds of thousands, or millions of dollars he would be able to contribute. They tell me the six Vice-Presidents have died in office, all of them much younger than Davis, an old man. They want his money for this campaign, that is evident."

"As a Democrat friend said to me the other day, 'It might be a good thing for us to get another good looking man to run for President.'"

SUFFICIENTLY PHOTOGRAPHED.

(BY THE ASSOCIATED PRESS.) ESOPUS, July 15.—Judge Parker drew the line on photographers today, and announced that this would be the last day of promiscuous photographing of him and his family.

Esopus has been fairly overrun by photographers, who have haunted the judge's footsteps, but have photographed not only himself, but every one and everything remotely connected with him or his family. Today a series of group pictures were taken of the judge and his family, pictures which were taken on the lawn near the house.

Judge Parker today received the following telegram from United States Senator John W. Daniel: "Our people gratified that united Democracy has a leader who leads, and I tender my respects and complete confidence to you."

Congressman Wade sent the following letter from Iowa City, Iowa: "As the lone Democratic Congressman from Iowa, I congratulate the people of the nation that you have been nominated. I am especially gratified, in view of the fact that I made a struggle in your behalf against overwhelming odds in our State canvass, and had an hour's conference with Judge Parker. He declined to discuss the conversation."

William F. Sheehan came here today from New York. He drove to Belmont this afternoon, and had an hour's conference with Judge Parker. He declined to discuss the conversation.

the question as to the national chairmanship, Judge Parker has given much thought. At present four men are mentioned—Belmont, Gorman and Tamm.

SANTA ROASTS PARKER.

PROMINENT DEMOCRAT BOLTS. (BY DIRECT WIRE TO THE TIMES)

NEW YORK, July 15.—[Exclusive Dispatch.] Theodore M. Banta, cashier of the New York Life Insurance Company, today came out in an interview denouncing Judge Parker for what he calls "trickery" in connection with the famous gold telegram to William F. Sheehan. Banta last night formally opposed the endorsement of Parker, and today gave his reasons very fully. He declares that the St. Louis convention was deceived, and that the dispatch declaring for gold was played to rally Wall Street to Parker's support.

Banta is a financial man who declares himself a strong gold Democrat of the Cleveland school, but he goes so far as to say Bryan's position in 1900 was mainly, while Parker's, he says, was despicable. Banta was Edward M. Shepard's choice for civil service commissioner in the Low administration, and is in the confidence of the Brooklyn publicist. The interview is as follows:

CANNOT SUPPORT TRICKSTER.

"I cannot support a nomination made by trickery. I am disgusted with Judge Parker, whom I had hoped to support, even on a platform silent on the money question. Not only did he not show courage in sending his telegram, but he displayed the calculating cunning of Davis. Hill. It is the same sort of plays which we have had so long in this State in the Democratic organization. Parker was in the Maynard campaign, and not only did not denounce Hill in Maynard, but actually supported them. I have never voted for anybody who was concerned in that affair."

PARKER'S ACTION DESPICABLE.

"I think Judge Parker's action despicable. He waited until the convention was about to adjourn before telegraphing to 'who did he send his dispatch?' To the chairman of the convention, so that it might have been placed before it at once? No, to his friends, Sheehan and Hill, so that they might be misled into the nomination was beyond recall—until the convention was adjourned. Tillman

*Northern Pacific Railroad President Thinks the Republican Administration Has Been Extravagant—Counts on Monopoly to Defeat President.*

(BY DIRECT WIRE TO THE TIMES)

NEW YORK, July 15.—[Exclusive Dispatch.] The exquisite humor of the statement by James J. Hill, president of the Northern Pacific Railroad, as to why he is an enthusiastic supporter of Parker and Davis, and that they sought to win in causing a lot of amusement among Republicans, and President Roosevelt's Democratic friends as well.

Hill, personally, is for his fellow-corporationist, Grandpa Davis of West Virginia. Hill says the main issue is the extravagant and uncalled-for expenditures of the Roosevelt administration. He denounces the Roosevelt administration, but fails to go into any details, not even mentioning that appropriation by the government which resulted in the dissolution of that giant railroad trust, the Northern Securities, designed to stifle competition and put the shippers of the Great Northwest at the mercy of Hill and his fellow-managers of the Northern Pacific Railroad.

The stifling of railroad mergers for the benefit of the whole people, by Hill's confession, has landed the whole monopolistic outfit in the camp of those whose slogan is "Anything but Theodore Roosevelt."

INDIANAPOLIS (Ind.) July 15.—[Exclusive Dispatch.] The Republican State Central Committee met here today to arrange the preliminary steps in the campaign and to discuss the situation, as it presents itself under the action of the St. Louis convention. Democrats who have voted with the Republicans in the last two national campaigns will, in the main, return to the party fold, but the leaders of the gold standard, therefore, instead of being firmly established by law, depends, as it has depended ever since the country resumed coinage of silver dollars in 1873, entirely upon the policy pursued by the Secretary of the Treasury and his ability to maintain the same.

While the Act of March, 1900, declared that all our forms of money shall be maintained at parity with the gold unit, no provision is made by which the Secretary of the Treasury can be compelled to redeem silver dollars for gold, and the gold standard, therefore, instead of being firmly established by law, depends, as it has depended ever since the country resumed coinage of silver dollars in 1873, entirely upon the policy pursued by the Secretary of the Treasury and his ability to maintain the same.

A Panama cable says no settlement has been reached of the questions pending between the republic of Panama and the officials of the canal zone. The Panama government is firm in the belief that the only correct interpretation of the canal treaty is that, until the canal shall be constructed, all parts of the isthmus are under the direct jurisdiction of Panama. The fact that the relations between the Panama government and Maj.-Gen. INJURIOUS TO PARKER. "McCarran asserts that he is sole representative and custodian of Judge Parker's interests. I do not hesitate to say to the friends of Judge Parker that the worst enemy the Parker cause has in Kings county is Senator McCarran. He has deceived, organized Democrats of all that there is of value in the party organizations, denying to certain assembly districts the rights which he concedes to others. I am back in this political fight. The situation which Parker has created would come even a rat to fight, under the circumstances. We propose to prove that McCarran cannot make a vesting of his own name in Kings county, and we shall accept assistance from any quarter in order to dispose of his pretensions."

TAMMANY WILL HELP. Shevlin did not say so, but nevertheless it is true that, beginning with next week, Tammany Hall will help the Shevlin Democrats to put McCarran over. All of the party patronage will go through Shevlin, and many of the party men now holding fat offices will have to retire to private life. McCarran is claiming \$2,000 majority for Parker in Kings county. From the present outlook he will have his hands full in carrying Brooklyn for August Belmont's candidate.

No immediate operation is contemplated. An operation will be performed later by Professor von Berglin University, but whether at Carlsbad or in Berlin has not been determined.

At Cripple Creek, Frank J. Hanga, local attorney of the Western Federation of Miners, said yesterday that he would apply for a writ of habeas corpus in the case of Pearl Station, arrested last Saturday near Pueblo on a warrant sworn out by Sheriff Ball, charging him with complicity in the wholesale murder near Independence.

FLAMES FROM THE WIRES. A special dispatch to the St. Petersburg Novoye Vremya from Tabriz, Persia, denies the existence of cholera there.

At Ottawa in the House of Commons a motion for a graded passenger rate on railways, starting at 2 cents, has been defeated. A resolution to place express companies under the Railway Commission also was negatived.

At Brewster, N. Y., the mansion of Mrs. William E. Fiske, widow of the well-known horseman, was destroyed by fire today. The servant girl, Annie O'Brien, was burned to death, and Mrs. Fiske narrowly escaped a similar fate. Action in the proposed strike of the San Francisco brewers union has been postponed for a day, the Executive Committee of the union and a representative committee from the owners having agreed to meet in conference today to discuss the situation.

At Buffalo Edgar T. Washburne, of the grain firm of Heathfield & Washburne, and his wife and four teen-year-old daughter, yesterday at their residence, and then committed suicide. It is said the deed was committed while Washburne was suffering from a temporary fit of insanity.

William H. Ellis, checker, and Charles H. Miller, in the consular department of the World's Fair, who were held prisoners for more than twenty-four hours in the hope of learning from them the details of the proposed plot to rob the exposition company, have been released. It has been decided that the need of information regarding the plot.

The horror of the deaths of the Dorems Sunday-school picknickers in the Glenwood train wreck has found ready response at a meeting of the Chicago City Council, as the aldermen have unanimously adopted a resolution calling for State legislation to regulate the running of excursion and picnic

trains with more regard for the safety of life. Duluth yesterday a large freight shed and its contents, ten freight cars and three trucks were burned in the harbor, causing a loss of \$50,000. George Smith, a cook on one of the trucks, was drowned in attempting to escape the flames. Several workmen were scorched while escaping from the depot, which belonged to the Chicago, St. Paul, Minneapolis & Omaha Railway.

At Central City, Colo., Dist. Atty. Thurman has notified the cases against Ross Rankin, Joseph Carbonetti and Frank Napoli, charged with transmitting the Sun and Moon transformer house and plant, near Idaho Springs, a year ago. The action finally dismisses the incident, so far as the courts are concerned.

## THE CITY IN BRIEF.

### NEWS AND BUSINESS.

#### Catholic Reunion Plie.

The annual reunion and picnic of the Catholics of Los Angeles and vicinity is about due, and a meeting will be held next Tuesday evening at the Cathedral Hall to elect officers for the present season.

#### Morocco Matinee.

At the Burbank matinee this afternoon the Oliver Moroso Company will present Nat Goodwin's play, "The Alchemist of Friendship." "Capt. Barrington" has been chosen as next week's offering.

#### Murphy Meeting.

"The Gentleness of God" will be Francis Murphy's subject at his meeting in Blanchard Hall Sunday evening. F. G. Finlayson will preside. Hugh Callender, Miss Stella Callender, and Little Annie Row will sing. Mrs. Francis Smithman will give a violin solo.

#### Chinatown Raid.

Capt. Auble raided another alleged gambling game in Chinatown last night and arrested five Chinamen. They gave fictitious names at the Police Station and were released on \$10 bail each. Their guardian angel, "Yuck," appeared and deposited the required bail.

Good work by the Society for the Prevention of Cruelty to Animals during the past month was shown at the meeting Tuesday. The number of cases investigated was 100; examined by veterinarians, 100; relieved, 70; and mals destroyed, 20; suspended from labor, 20; reprimanded, 30; arrested, 3; convictions, 3; cases pending, 1.

Spontaneous combustion. It is thought, caused a fire at the residence of J. Goldner, No. 126 East Twenty-seventh street, last night. The building, which is owned by Rayburn, was damaged to the extent of \$300 and Goldner's loss amounted to \$200. The fire started in a closet and spread rapidly before it was discovered.

Missing Scrap Book. There is missing a scrap book which belonged to the late Leroy E. Mosher. It contained clippings of his writings, some of which may have been signed "Hank Waggoner," and some of them by his own proper name. Any person having the book will please return it at the request of his family, to The Times office.

Home Protection. A mass meeting in the interest of home protection and law enforcement will be held in the First Methodist Church at 3 o'clock on Sunday afternoon. The speakers will be Dr. H. W. Brodbeck, S. C. Mulford and Mrs. Mary Teats. All persons interested in the subject, and that should mean everybody, are invited to attend. The meeting will be held under the auspices of the W.C.T.U.

Mason Renovation. Carpenters and decorators have been at work for some days upon the Mason Operahouse interior, making changes at the entrances, slightly altering the color scheme of the foyer and making some alterations in the interior of the house. The outer doors to the lobby have been repainted and rehung, and new wiring both inward and outward—convenient as well as safe.

Welshmen Chosen. The Welsh citizens of Los Angeles are gratified to learn that their popular compatriot, Prof. W. A. Madoc of Chicago has been appointed one of the musical adjudicators at the St. Louis World's Fair. He is a frequent lecturer at the Welsh national gatherings under the old Celtic name Eisteddfod, or Eisteddfod Gynghra. It is expected that he will be heard in Los Angeles in one of his lectures during this summer.

Bible Lecturer. Rev. W. R. Newell of Chicago, the well-known lecturer on the Bible, will give the last of his series of lectures Monday night in Immanuel Church. His subject will be the Book of Ecclesiastes. Rev. Newell has been holding Bible classes in Los Angeles for the past five weeks, lecturing in the First Baptist Church to very large audiences. The meetings have been of a union nature, held under the joint auspices of several churches.

Restaurant's Success. J. T. Finley, a local restaurant man who went to St. Louis early in the year, left Los Angeles yesterday after his second trip back home to arrange for the shipping of California products to the exposition city. Finley engaged a restaurant business and says that western men are the ones who have taken most of the chances there this summer, and that the ones early on the ground the opportunities of success have been excellent.

Death of Good Woman. An estimable lady, Mrs. E. R. McFarland, died yesterday at her home, corner of Fifth street and Fremont avenue. She was a member of the First United Presbyterian Church and was identified with all of its active work. Mrs. McFarland was a native of Harrisburg, Pa., came to California seven years ago and was married to Mr. McFarland at Riverside about a year later. The funeral will be held at the First United Presbyterian Church, corner of Eighth and Hill streets, at 2:30 on Sunday afternoon, with interment at Rosecliff Cemetery.

Bishop's Appointments. Bishop Conaty will bless the new bell at the Santa Barbara parish church tomorrow, and will give an address there. On Tuesday the bishop will open a retreat for the Sisters of St. Joseph at St. Mary's Academy. He closed a retreat at the Pico Heights convent for the sisters of the Immaculate Heart last Tuesday with the papal benediction. On August 2 the bishop will bless the bell for the church at Avalon, and will speak there. It is expected that a large number of the Knights of Columbus will visit Catalina Island on this occasion and will participate in the ceremonies.

Rest for Pool Rooms. Violators of the poolroom ordinance were given a rest yesterday when an order from Chief Hammel was read to the patrolmen instructing them to make no more arrests at present, but to watch the poolrooms closely and if pinners are seen inside to summarily eject them. The sudden change from rigid enforcement was explained by Chief Hammel, who said that the ordinance as passed appeared to be defective and he understood a test case was to be brought at once. Until this test case is decided, it would be useless to make arrests, but the officers would endeavor to keep the poolrooms clear of all pinners in the meantime.

Many Petty Thefts. The sneak thief's operations are causing the police not a little worry. Many petty jobs have recently been committed, but yesterday the record was broken. No less than half a dozen cases were reported, but in not a single instance did the loss amount to much. The list included the following: A. Kumminger, No. 624 South Main street, room burglarized and revolver and razor stolen; E. H. Lemon, No. 3281 Dayton avenue, real estate office burglarized, typewriter and overcoat stolen; Chris Miller, No. 29 West Thirty-ninth street, new case opened and tool chest stolen; Zelazny, No. 21 North Main street, shop broken open and lot of stationery taken. Plumber's shop, No. 215 South Main street, entered, but nothing missing.

#### BREVITIES.

Hundreds and thousands visited the E. P. Chariton syndicate, 5-10 and 15-10 yesterday at 431 S. Broadway. It was a revelation to the shoppers for beauty and utility—every article a useful addition to the home. Today they open their doors at 10 a.m. for business and it certainly will be a trade magnet for the economical buyers. This syndicate has a chain of stores throughout the United States, and Canada. An establishment of this size is of great importance to the public. Trade at the new store, 431 S. Broadway.

Subscribers to The Times are offered a \$1.50 Columbia graphophone at cost of freight, handling, etc., to wit: \$1.25, which includes a single record of your own selection. The price of gold-molded records under this arrangement is 25 cents each (former charge 50 cents each). The machine can be leased to play at The Times office, where it is on exhibition daily. The plan will be explained fully to anyone calling at "The Times" Graphophone Department.

Real estate operators: The Times Real Estate Number to be issued early in August will be designed for distribution among home seekers, settlers and tourists. Those desiring advertising space in it should consult the business office early, as only a limited amount of advertising will be received for it. The "Liner" rate will be 3 cents per word.

F. Sale One's elegant stock of Chinese and Japanese art objects at 434 S. Spring street, continuing daily, at 434 S. Spring street.

Boiler's famous chicken tamales, daintily made, deliciously flavored, made only, sold only at Botter's, 706 S. Broadway.

The San Francisco office of The Times is located in room 18, Chronicle Building, Telephone Red 5331.

Dobson Dramatic Club, young Mrs. Winthrop, Ocean Park, Casino, 3:30 Monday evening.

Dr. Hancock, eye, ear, nose, throat, returned, Office Braly building.

There are telegrams at the Western Union Telegraph Company's office for Miss Florence Southernland, Mrs. Oliver McGinty, R. L. Powers, C. E. Carlson, Miss Louise Austin, M. L. Lavin, Hannah, A. McDonald, W. T. Campbell, Dr. Jeff H. Patton, Mrs. M. O'Neill, M. A. Meyendorff, George C. Smith.

SELF RAISING OUGK WHEAT

THE SPITE FENCE CAUSING A COMMOTION ON EAST TWENTY-SEVENTH STREET.

ten feet high jut out between two neat cottages, obstructing the view of both, eliminating the sunlight, an eyesore to the inhabitants of the thickly populated thoroughfare.

This spite fence of W. R. White of No. 208 East Twenty-seventh street is the chief topic of conversation of housewives during the day and a debatable question for the men over their pipes at night.

"That fence will not come down until that critter moves his house where it ought to go. No, never!" said Mr. White to a Times reporter yesterday afternoon.

"Where do you want the house moved to?" was asked.

"He just put it there for spite and he did it while I was away—when I was in the East. He has it on the west side of his lot, when it ought to be on the east side, and he has got it closer to the street, so that I can't see what's coming up the street from the east. He just did it for spite and he'll have to suffer for it, 'cause the fence is going to stay."

"Did you know Mr. Gates before you went West?"

"No, I never saw him until I came home, but that don't make any difference, he did it for spite and he'll have to suffer for it, 'cause the fence is going to stay."

The little cottage which is causing so much trouble is situated at No. 214 and is owned by D. C. Gates, an old resident of Los Angeles, who makes a business of building houses for sale. He enjoys moving and by the time he sells one house he always has another built ready to move into.

"Yes, I make a good living at this business," he said yesterday. "I have lived in about forty different houses in this city, and I have sold every one of them at good profit. Now, I want \$2500 for this one. Six years ago I would have sold it for \$1500, but now I can sell them faster at \$2500 than I could then at the lower figure. I have several parties looking at the place, but not one of them will buy because of that pesky fence. They sort of know by instinct that their back-door neighbors wouldn't be very good friends and it prejudices them."

"You see this lot is only fifty feet wide," continued Mr. Gates. "The house is bigger than my neighbor's on the west, and he is mad because I didn't put my driveway on the west side of the house instead of the east. My house is just four feet from the west property line, exactly the same distance that Mr. White's is, then over on the east I have five feet to my driveway which takes up the rest of the ground. I built it that way because I wanted all my bedrooms to face east so as to get the morning sunlight. I didn't know that brother White's back yard was rising and can't see any reason for his spite. As far as the position of the house, it is 25 feet back from the street and exactly on a line with the house on the east. You see, I couldn't suit both neighbors so I thought the best thing to do was to suit myself."

"They had a great time building that fence," Mr. White said to his grandsons to come over and help him. I offered to assist him but he wouldn't speak to me. When they got through I asked one of the boys how much the old gentleman paid him and he said, 'Oh, nothing.' I just done it to get even with you, 'cause grandpa says you are a mean critter. White says that my building the house so close to his made three guava bushes get sickly, but I told him that I thought that they might grow better if he took the fence down and let the sun shine on them. I move the house! Well, I guess not. Not until White is in a hotter place than he is now, I am going to sell and get out."

It was a dark picture. No light in

GOOD BY NAFTZGER.

Position of Manager of Fruit Exchange Tendered to Eastern Man.

At a meeting of the board of directors of the Southern California Fruit Exchange yesterday, it was voted to tender the position of manager of the exchange to D. B. Campbell, the present general eastern agent of the California Fruit Agency, with headquarters in Chicago.

The following committee of three was appointed to communicate with Mr. Campbell: F. Q. Story, P. J. Dreer, Mr. Garcelon.

It is expected that Mr. Campbell will come here immediately to confer with the board.

The present offer of the position of manager is really good only until September, when the continuance of the position is dependent upon the will of the board of directors to be elected at that time. There were thirteen of the sixteen members of the board present at the meeting yesterday, which was a comparatively brief session.

THE SPITE FENCE CAUSING A COMMOTION ON EAST TWENTY-SEVENTH STREET.

set up in the dry goods business with a flourish of trumpets that they did not advertise in The Times. They loudly boasted this slogan in other papers.

Their chief exponent was the Union Labor News, and as subsequent events have proven, their principal business consisted of unfulfilled promises of the Rogers-Henkle gang.

The firm that didn't advertise in The Times hung its hopes on a broken reed. They are wiser now, but wisdom dawned upon them when it was too late. The blinds of the Becker & Vogt store are drawn, and the stock has been sold in a lump to the Broadway Department Store.

It is quite apparent to the average citizen of Los Angeles, though his wisdom is not on a par with that of Solomon, that the people who do business in Los Angeles advertise in The Times. It might be cited that those firms which have been most violently assailed by the laboring gang because they have advertised in The Times have been noticeably successful in business.

Becker & Vogt now know that labor union promises are but a rope of sand; they know that the loyal people of Los Angeles have no sympathy with the union leeches who live at the expense of hard-working men deluded into the belief that these leeches are their friends; they likewise know that the ads that pay appear in The Times.

VETERINARIAN MEET.

At the quarterly meeting of the Southern Auxiliary of the California Veterinary Medical Association, held at Dr. R. T. Whitteley's Hospital, No. 718 East Seventh street, a paper was read by Dr. J. J. Edmonds on "Diagnosis," which occasioned much useful discussion among the veterinarians. Interesting clinical demonstrations by Dr. Park of Pasadena and Dr. Whitteley followed.

A resolution of condolence was adopted on the death of Dr. R. J. Withers, late president of the Chicago Veterinary College, formerly a resident of Los Angeles, and a copy ordered sent to the bereaved relatives.

Among the practitioners present were Dr. Norton, Veterinarian of the Territory of Arizona; Dr. Keane, Federal surgeon of this district, and his assistants; Dr. H. H. O'Brien, president of the association, and Dr. Fenimore, secretary; Drs. Lord of Santa Ana, McFarland of Anaheim, Lee Pomona, Demidchik of Biron and Park of Pasadena, Tyler of Long Beach, Morrison, Whitley and Edmonds of this city, and others.

Duck in Deadly Fern.

A short time ago the death was announced of Colonel Leon de Launay from the effects of eating a dish of a la Rousseau. Duck a la Rousseau is considered very deadly during the hot season for the following reasons: In order to prepare the dish according to the recognized rules, the duck must be killed by suffocation. It happens, therefore, that the blood coagulates in the body of the bird in such a manner that no amount of cooking suffices to sterilize it. In hot, stormy weather, such as we have had lately, this coagulated blood would decompose and contain sufficient poison to kill anyone eating of the dish. The moral of the story would appear to be: Don't have your ducks cooked a la Rousseau.—(Paris Messenger.)

GENERAL MOORE AT IT AGAIN.

GRAFTER AND EX-CONVICT RE-APPEARS HERE.

He Was Exposed by "The Times" and Driven Out by the Police a Short Time Ago, but is Once More Seeking to Obtain Money Under False Pretenses—Forged Names.

Claiming to be a disciple of God, with a plea for downtrodden humanity in the name of the "Union Mission Army" on his lips and displaying a long list of alleged subscribers to the cause, A. W. Moore, an ex-convict and notorious grafter, is duping good people this city.

"General Moore," as he calls himself, has been exposed by The Times before and has been driven out of Los Angeles by the police department. He appeared again yesterday and took up active work among the "easy marks," working hard all day in order to clean up as large a sum as possible ere justice should again find him out.

The gall of the man is marvelous. He does not hesitate to go into the large office buildings with his whining plea and even asserts that he is backed by the Merchants' and Manufacturers' Association. Dressed in a uniform which is a mixture of that of a soldier, the Volunteers of America, and the Salvation Army, with his hair greased down and a pious look on his face he begs money for the "Union Mission Army," telling of its wonderful work among the poor and of its large following.

There is no army, Moore, his wife and daughter being both the "Union Mission" and the "poor." No cent which ever gets into his knotty hands is paid out for charity. In an endeavor to evade the law the ex-convict incorporated in San Francisco under the charitable name shortly after his dismissal from San Quentin. While he is the whole thing, he speaks of his wife as vice-president and of his daughter as secretary and treasurer of the corporation. He had never

try and go to work for his living again. Fleishman is said to have lost his loot through the treachery of a friend whom he trusted in Los Angeles, and who gave him the "double cross." The details are not known, but it is said that Fleishman has suffered dramatic punishment—the looter looted.

A prominent Los Angeles attorney, whose name cannot be used, received a letter from Fleishman asking him to use his influence to get the bank to let him come back. He said he was a gutter and utterly discouraged. He said he wanted to come back to this country, wanted to go to New York and get a job.

Fleishman asked the lawyer to see if he could be guaranteed immunity from arrest if he returned.

The attorney states positively that the letter was taken to the Farmers' and Merchants' Bank and to the authorities; they were asked if Fleishman might come back.

The bank's answer was that, while it had no intention of prosecuting, it would make no agreement.

Charles Seyler, the cashier of the Farmers' and Merchants' Bank, said yesterday in the absence of President Graves:

"If I were put on my oath, I could not say where Mr. Fleishman is. We are continually getting letters from deputy sheriffs all over the United States, saying that they have located Fleishman, but as they invariably add that they would like an advance of \$100 expense money before locating him, we consign their communications to the waste basket."

H. W. Heilman, who was in the bank at the time of the Fleishman defection, said that he has heard nothing but idle rumors of the whereabouts of Fleishman. As to the rumor of the present poverty of Fleishman, he said he knows nothing. He mentions, however, that Fleishman had \$100,000 when he left.

One of Fleishman's personal friends said that Fleishman has been "done up" by a trusted friend, but to whom he consigned certain vital business arrangements when he skipped. He said that Fleishman need not have run away as "it all could have been arranged," had Henry remained to face the music.

A special to The Times from New York states that officers of the American Surety Company, which was on Fleishman's bond and was stuck to the amount of \$25,000, confirm the Los Angeles attorney's statement that Fleishman has been vainly seeking an agreement of immunity and an opportunity to come back to the States.

Donald Barker, Esq., local attorney of the company, said last night: "I have heard the same thing, that Fleishman is not only out of funds, but desperately poor and making every effort to get back to this country with an agreement that he shall not be prosecuted."

Why He Was Let.

President Hadley of Yale tells of being requested to lecture in a city some distance away not long ago. His train was late in arriving at the place, and he was earnestly concentrating his mind on the address he had prepared. Jumping into a cab he handed the driver \$2 and shouted, "Drive fast!" The horse started off with a plunge and kept up his rapid gait for half an hour, going up one street and down another.

Finally the professor stuck his head out of the window and asked: "Are we nearly there, cabby?"

"Can't tell, mister," was the astonishing reply. "Where did you want to go?"—(New York Times.)

## San Bernardino, Riverside and Orange Counties.

(NEWS REPORTS FROM TIMES CORRESPONDENTS.)

## SAN BERNARDINO.

**FELL AMONG TREES.**  
SAN BERNARDINO, July 15.—Robert Williams, an employee of Brooks Lumber Company at Redlands, was found yesterday afternoon near a wing unconscious. The top of his head was terribly cut and three ribs broken. After being revived he could not explain in what manner he came by his injuries. It is thought that he was struck by a tree while he was in the act of filling a canteen at the spring, and that he fell backward before he was aware of his presence.

**TO SAVE HIS NECK.**  
In the tide of exceptions filed by the attorneys for Miguel Antonio, The News-Record, who is awaiting execution at San Quentin, the grounds for appeal to the Supreme Court for new trial, are that one of the jurors, A. E. Williams, was improperly introduced at the hearing on exhibits, and further that the exhibits of the state were not shown to the jury after the prosecution had made the closing argument.

**WHY HE WANTS HER.**  
San Diego, a laborer employed at Santa Fe yards, was charged with the crime of kidnapping today for assistance in capturing his wife and a fellow employee whom he charges with having eloped. The woman, a native of Mexico, was captured by the laborer after he had been in the hands of the law in order to satisfy the laws of that country as well as the relatives of the woman.

**REMOVED THE BOXES.**  
The members of the Civic League are roused over the disappearance of several dozen waste boxes, which some men have been distributing along the principal streets. The boxes cost considerable money, and were presented to the city by the ladies of the league, who had started a movement to stop practices of throwing waste paper, rags and other rubbish into the streets. It appears that the men who were carrying the boxes off were not the same as the ones who were carrying them off, and the ladies of the league are now looking for them.

**ONTOARIO.**  
ONTOARIO, July 15.—About three weeks ago it was reported to the authorities that a pretty little American girl in charge of a family of Mexicans was being continually beaten and threatened with cruel treatment at the hands of those who reported it. It was said that nothing was to be done until the girl was brought to the United States.

**RECEIVED FROM CRUEL KEEPERS.**  
ONTOARIO, July 15.—About three weeks ago it was reported to the authorities that a pretty little American girl in charge of a family of Mexicans was being continually beaten and threatened with cruel treatment at the hands of those who reported it. It was said that nothing was to be done until the girl was brought to the United States.

**ANAHEIM.**  
ANAHEIM, July 15.—James Jeffries, the pugilist, was here Wednesday and Thursday, with a view of purchasing a ranch east of town.  
Charles Bates, aged 30, of Orange, was arrested here yesterday on a charge of insanity. He was taken to the hospital for treatment.

**VENTURA.**  
VENTURA, July 15.—There has been incorporated at Montevideo a concern known as the Montevideo Water Company. The capital stock of \$100,000 is all paid up. One peculiar feature of the incorporation is that it is composed entirely of ministers of the gospel, whose homes are in San Francisco and Pasadena.

**DEMOCRAT HARD PROBLEM.**  
The Democrats of the Salinas Supervisors District are having a pretty hard time in finding someone to run against Supervisor Gabbert at the coming election. Gabbert's position on the board regarding leading questions has been such that he has made himself very strong before the people. Farther to the south, the same problem is being faced by the Democrats in the Salinas District.

**CHAMPION FRUIT PITTER.**  
The champion fruit-pitter of the county is the fastest boy in it. He is a young fellow named Frank Hawley. He is 17 years of age and weighs the scales at 150 pounds. Young Hawley's friends say that he is the fastest fruit-pitter in the county, and would like to receive a challenge from fast, apricot pitters. He said Hawley has a record of having pitted twenty-five boxes of fruit in ten hours.

**VENTURA NOTES.**  
The funeral of William Wells took place today in the city. Mr. Wells died Thursday in Los Angeles. He was 73 and a pioneer of this county. Besides a widow he leaves one daughter, Mrs. Belle Hampton.

**TRAIN CREW EXONERATED.**  
At the coroner's inquest last night on the remains of Louis Massoli, the Italian boy killed by a Santa Fe train at Arlington, the jury brought in a verdict exonerating the train crew. Several witnesses testified that the train must have been in view of Massoli several hundred yards before the crossing was reached.

**BIG WATER SUIT.**  
Testimony was given today at the Ferris water case on the profits of alfalfa growing before the water level was lowered by the pumping of the water. The case was presented, and a boat bearing the name of the Buckley State was launched, with Miss Ruth Johnson as sponsor. Later a picnic supper was served.

**LESSER MENTION.**  
The Riverside County Ohio Society enjoyed a picnic at Fairmount Park this afternoon. A short musical and literary program was presented, and a boat bearing the name of the Buckley State was launched, with Miss Ruth Johnson as sponsor. Later a picnic supper was served.

## OXNARD.

**WOULD PAVE WITH REBATE.**  
(SPECIAL CORRESPONDENCE OF THE TIMES.)  
OXNARD, July 15.—This city has a lot of rebate money coming from the county, and it is proposed to use it for a good-sized piece of paving. When the tax levy was made last year, all of the Oxnard taxpayers were subjected to a road tax, which the county has no right to collect from residents of incorporated towns. Now that the Supreme Court has confirmed the validity of the town's incorporation, 40 cents on each \$100 valuation will have to be returned to the citizens of Oxnard by the county, and it is proposed to have them subscribe the rebate which they are entitled to receive toward paving the principal street of the town. Many have already signed their willingness to accept the rebate, and the city will also meet the issue, and assist.

# SCHOOL BOARD AFFAIRS.

Nothing will be done by the Board of Education as to sufficient room to accommodate pupils of the schools until after the opening of the fall term, when it may be determined just how much additional room will be needed. The board is hereby instructed to house the pupils in basements, tents and side sheds, as one member of the board expresses the situation.

Contractor Thompson has nearly finished the clearing of the Franklin site. The good lumber has been sorted from the cleared, and the debris will be removed. It is hoped to have Adella avenue opened in a short time.

Attorney Benjamin E. Page has succeeded Delos Arnold as a member of the board. A letter was read from the latter thanking the board for its recent expression of regret that his resignation was necessary. Needed repairs to the Wilson building have been ordered.

PASADENA BREVITIES.

"The Struoliers" is the name adopted by the new dramatic club, and heard of three plays, "Too Much of a Good Thing," "Married Bachelors," and "Above the Clouds," will begin at once. Officers selected are Frank Peterson, critic; Emil Mueller, manager; Miss Frankie Keeney, secretary; Mrs. J. S. White, treasurer. The next meeting of the club will be at the home of Robert Allen, July 23.

Tuesday afternoon, at 3 o'clock, an association of graduate nurses will be formed at the Pasadena Hospital. Miss Helen Scott Way, Miss Margaret Orr and Miss Solina Fetherston are in charge of the proposed society.

The final meeting before the opening of the campaign will be held in the Council chamber, City Hall, by the Pasadena Board Club this evening at 8 o'clock.

A. J. Janney will build an additional storehouse on East Union street, to join with the one now occupied by him, work on which will begin at once.

Bids for the erection of the new Masonic Temple were to have been opened last night and the award made. Secretary C. J. Willett of the Building Committee announced at a late hour last night that no decision has as yet been made.

ALHAMBRA.

TWO ACCIDENTS.

ALHAMBRA, July 15.—A. C. Weeks, while at work at his pumping plant, caught his foot in the "plunger" and it was nearly an hour before assistance arrived. It was found that a portion of the fleshy side of his foot had, with the shoe, been cut off clean. Half an inch more and the bone of his foot would have been mashed and then amputation would have followed.

M. E. Morgan, delivery clerk for the grocery, was seriously injured in a runaway in which Morgan was thrown against a telephone pole with great violence.

NOTES AND PERSONALS.

Over sixty Alhambra people have gone to the mountains this week to spend vacations camping and hunting. The majority were bound for the upper San Gabriel Cañon, and many for Coldwater Cañon.

The Methodist pastor, Rev. L. D. Van Arman, and the Baptist pastor, Rev. T. N. Lord, are spending their vacation in the mountains, but it is expected that their pulpits will be supplied during morning services.

Dr. D. E. Lane left yesterday for an eastern visit, which will include the St. Louis fair. He will be absent six weeks or more.

A pretty home wedding took place Tuesday evening, the parties being Miss Minnie Blackburn daughter of Mr. and Mrs. J. B. Blackburn, and Kelley Wadsworth. The ceremony was performed by Rev. T. N. Lord, in the presence of a number of friends and relatives. Miss Cora Blackburn, sister of the bride, carried the ring in a magnolia bud. Mr. and Mrs. Charles Bishop rendered the wedding music. About sixteen miles up the cañon.

Steps are being taken by property owners on Stoneham avenue, in the northern part of the city, to have the street widened and sidewalks built. The improvement is expected to be extended through the Phillips tract to Union street.

Property on this avenue is now well supplied with water from the new Grays water system.

Rev. and Mrs. Robert S. Fisher of Los Angeles accompanied the Weeks party on their month's vacation trip to the south fork of the San Gabriel, about sixteen miles up the cañon.

SAN PEDRO.

DIAMASTED VESSEL RIGHTED.

SAN PEDRO, July 15.—Capt. Hanson of the schooner William H. Smith, which arrived today from Astoria with lumber cargo, reports that 8 o'clock on the morning of July 13 he sighted a large iron bark bound east, twenty miles W. N.W. of Santa Barbara Island, with her fore and main topgallant masts gone to the eyes of the topmast rigging.

Capt. Hanson did not get close enough to the bark to make out her name, but she flew no signals of distress and was making fair progress on her course with a fair wind. Capt. Hanson gives it as his opinion that the diamasted vessel was the American bark Willcutt, Capt. Macdonald, out 33 days from Philadelphia for San Diego with a cargo of coal, and which is long overdue, being out only a few days less than one year.

Capt. Hanson states that the vessel sighted was only partly loaded, which would suit the condition of the Willcutt.

On December 1 of last year the Willcutt touched at the Falkland Islands and after sailing she put back on December 10 from Philadelphia for San Diego with a cargo of coal, and which is long overdue, being out only a few days less than one year.

# WHITTIER LAD KILLED BY GUN.

CHILD'S FATAL PLAY WITH OLD ARMY RIFLE.

Discharge frightfully mangled the body and caused instant death. Small detachment of cadets of State School goes to Catalina to prepare camping place.

WHITTIER, July 15.—Clarence Thomas, nine-year-old son of Chief Engineer Thomas of the city waterworks, was instantly killed today by the accidental discharge of a gun, with which he was playing on his bed.

The shot, which was fired from an old army rifle that had been bored out for a shotgun, entered just below the heart, plowed its way through one kidney and came out above the left hip.

The funeral will be held Saturday afternoon.

CADETS OFF TO ISLAND.

The cadets of the boys' department of the State school will leave the first of the coming week for their annual outing at Camp Whittier, Catalina.

The boys are in great glee over their prospective good time.

This morning the first detachment, consisting of Assistant Superintendent W. V. Coffin, Capt. Liddell, Connors, Taylor and Moore, Carpenter Gordon and Capt. Moore, accompanied by fifty boys, started for the island, where they will get the camp ready for the nearly two hundred others who are to follow them.

The camp is about three miles north of Avalon, in a beautiful level spot of some twenty or thirty acres, where picturesque cañons join. The tents are arranged in true military order, around a hollow square, which is used for a drill ground, the students keeping up the regular military drill which does so much for them throughout their time at the institution. Opportunity is given each day for bathing, and much time is spent by the boys in chattering from the launch, which is chartered for them each year. Baseball games are also played.

That it is no small undertaking to arrange the camp for two hundred boys will be realized by any one who has noted the camp appetites of even one boy. A big bake oven with a capacity of a thousand loaves a day is in use, and the big boilers and ranges are placed near the water's edge, and the officers' tents are erected under some spreading cottonwoods.

This year's outing is the seventh of the kind since the school was started. The outing was last for about three weeks, and after the cadets return the members of the girls' department will be given a similar outing at the same place.

During this month, while the cadets are away necessary repairs will be made on the big building.

OCEAN PARK.

BOULEVARD TO LOS ANGELES.

OCEAN PARK, July 15.—The Ocean Park Municipal League devoted its meeting last night to a discussion of an automobile boulevard from this beach to Los Angeles. Mr. Ward of the Palms was present and said that by a natural route, that had been followed by those interested, the distance to Los Angeles was only seven miles, and the city could be entered by either West Adams or West Washington streets. The boulevard from a considerable part of the project would be directly on the route. It is thought no trouble will be encountered in securing the additional right-of-way of twenty feet. Mr. King and Mr. Stearnes of the Palms and Dr. Stanwood of Ocean Park spoke with enthusiasm as to the project. The brick-making machinery of the Lordsburg Brick and Construction Company is being moved to Riverside, where it will make bricks for the Indian School.

Charles R. Fike and his nephew, A. O. Holstetter, former residents of Lordsburg, after spending several months touring the northern part of the State and Oregon, have returned.

SQUATTERS THREATEN A 'LONG BEACH COMPANY.

Anonymous Notice—Posted on Door of Oceanide Water Company and Property Near Under Guard. Chautauque Assembly Addressed by Noted Orators.

LONG BEACH, July 15.—Some person, either a so-called practical joker or one in sympathy with those who recently fled homestead entries to beach property, has endeavored by threats to frighten those who are opposing such entries into withdrawing their opposition. Some time before daylight this morning the following notice was tacked on the door of the office of the Seaside Water Company on the beach:

"You are expected to leave your beach-house to the City of Long Beach and get out from under this beach before 6 o'clock p.m. July 16, or take the consequences. You're torn down the last tent and homesteaders' notice. Begin to get a move on you!"

The water company, while regarding the note as an idle threat, will take precautions to guard its property, and any attempt to damage it in any way will bring grief to the perpetrator.

AT THE CHAUTAUQUE.

Today's morning sessions of the Chautauque educational classes were full of interest. The afternoon's opening number was a piano solo by Miss Blanche Williams, one of the best known players in California, followed by Miss Margaret LePage, a new voice and face which will prove a valuable acquisition to the musical Chautauque.

Miss Nellie Lincoln in dramatic readings and impersonations contributed in a splendid manner to a most enjoyable two-hour session. At night the preliminaries included a tenor solo by Prof. Joseph Dupuy and a vocal solo by Lucile E. Davis. The program closed with a lecture by Rev. Dwight Hillis, pastor of Plymouth Church, Brooklyn. Dr. Hillis is a deep thinker and a potent orator. He was listened to with deepest attention.

Saturday afternoon Dr. Hillis will again lecture. Miss Miriam Kendrick will appear in readings and Mr. Johan Haase-Zinck will give a solo from "Faust." At night will occur the all-time favorite, the "Golden Rule" of Oscar Werner, violinist, and Miss Blanche Williams, accompanist.

ALL WANT STOCK.

Since the organization of the syndicate in this city a few days ago to handle Oceanide fully, with a capital stock of \$100,000 fully subscribed, there has been such a demand to get in on the ground floor that at a meeting of the directors this morning it was decided to increase the capital stock to \$200,000. Half of this additional stock will be open for subscription, with strong indications that it will all be taken before tomorrow night.

LONG BEACH BREVITIES.

Dr. Moore of El Paso, Texas, will preach the Chautauque Convention sermon at the Tabernacle at 3 o'clock Sunday afternoon.

Long Beach last night acquitted Messrs. Poling, McGee and Campbell, accused of running a "blind pig" in a room on Pine avenue July 4.

Henry Bark, from San Pedro, was disrobed on the beach yesterday and went in bathing in a nude condition. He was arrested and sent to the County Jail for twenty days.

AVAILON, July 15.—Jack Corey happened along at a very opportune time yesterday and picked up a small skiff containing a woman and a boy, who had exhausted themselves with rowing and were drifting out seaward. They were off Torquay Springs, about four miles, and the day had been a stormy one with a southeast wind blowing, which kicked up a very choppy sea. The couple had a very

Dr. Moore of El Paso, Texas, will preach the Chautauque Convention sermon at the Tabernacle at 3 o'clock Sunday afternoon.

Long Beach last night acquitted Messrs. Poling, McGee and Campbell, accused of running a "blind pig" in a room on Pine avenue July 4.

Henry Bark, from San Pedro, was disrobed on the beach yesterday and went in bathing in a nude condition. He was arrested and sent to the County Jail for twenty days.

CATALINA ISLAND.

ROWERS RESCUED AT SEA.

AVAILON, July 15.—Jack Corey happened along at a very opportune time yesterday and picked up a small skiff containing a woman and a boy, who had exhausted themselves with rowing and were drifting out seaward. They were off Torquay Springs, about four miles, and the day had been a stormy one with a southeast wind blowing, which kicked up a very choppy sea. The couple had a very

# Many Are Treated

for conditions that do not exist.

Unreasonable treatment of many conditions is the direct cause for chronic troubles—due to improper measures rather than disease. In the treatment of chronic ailments I am safe in saying my method of treatment is the most effective, for it does away with all guesswork. I have cured hundreds of the most chronic cases by this method. I am sure that in one week than can even be accomplished by guessing through the mail.

NOT BY MAIL. I accomplish more in one week's time than can ever be accomplished by guessing through the mail. You have tried it and failed; so have others. There is no certainty in guesswork.

YARICOEZZI. I cure in four to six days. Many men have treated unsuccessfully for varicose veins. My treatment is a healthy condition, usually in 15 days.

STRUCTURE. I cure the right way, and for all I remove all venous obstruction, inflammation and ulcers, and restore the venous system to a healthy condition. My treatment is the most cleanly and perfect known.

CONTRACTED DISMEMBERS. Failure to quickly cure these conditions is due to harsh measures, which are the direct cause for chronic conditions. My treatment is the most cleanly and perfect known.

I cure Rheumatism, Kidney and Bladder Troubles, Piles, Fistula and Hemorrhoids, Wasting, Nervous and Chronic Conditions, causing functional derangement, impairing strength and vitality.

EL MONTE. PROTECTING THE DOVES. EL MONTE, July 15.—Notices forbidding shooting on the premises have been posted on nearly all of the ranches in this vicinity. This is done as a matter of protecting the doves, since the dove season has been extended.

Nearly all the roads in this vicinity have voter notices posted on them. J. D. Clemenson began the work the 10th of May and has been at it all the time since. He will finish in about two weeks.

Crystal Waters of Lake Tahoe. No one ever forgets the crystal clearness of the waters of Lake Tahoe nor the wonderful shades of color that are seen there. No other lake in the world, perhaps, is so beautiful and certainly none has such a variety of attractions for sightseer or camera. The lakes around Tahoe really make it "the gem of the Sierras." Train leaves San Francisco daily at 1:15 p.m., connecting with 11:20 p.m. train from Los Angeles evening previous. Folder and details of all Southern Pacific agents.

# The Hauburger Store This Store Closes Today at 1 O'clock. The Hauburger Store

## A Short Talk on Saturday Afternoon Closing.

This is the subject in which not only the employees of this store are interested but the general public as well. In closing our store at 1 o'clock Saturday we are giving to our employees a 9-hour holiday which is certainly of most benefit to them during the hot weather as it is during the night that tell so much against the general health of employees in the summer. This movement is general throughout the East but we are the first department store on the Pacific coast to make this concession.

## Free Tickets to the Beaches

Limit One Ticket to Each Purchaser of \$5.00 and Over.

As an inducement to our patrons to do their trading Saturday morning, we have secured a large number of round-trip tickets to the beaches, which will be given to every customer who purchases \$5.00 or over. They are good going and returning Saturday only, and as the principal stores of the city close at one o'clock you will have no object in remaining in town and can have the afternoon's pleasure at the beach without any expense to you. The tickets are for any of these beaches: Long Beach, Redondo, Ocean Park, Santa Monica, Playa del Rey, Manhattan.

## Round-Trip Beach Tickets 39c

Good Going and Returning Saturday Only

For those who do not purchase \$5.00 of merchandise to get a free ticket Saturday morning will place on sale round-trip tickets, good going and returning Saturday only, and with one round-trip ticket to a purchaser, to the following beaches: Ocean Park, Santa Monica, Playa del Rey, Manhattan, Redondo and Long Beach. There will be concerts at Ocean Park and Playa del Rey Saturday afternoon and evening, with dancing at Ocean Park and Playa del Rey Saturday evening. Remember, the tickets are on sale to the fourth floor Saturday, 8 to 1 o'clock, for the round trip at 39c.
